# WHAT IS THE SECRET \_of Ford Truck Leadership?

sion, Ford Trucks led every other make of truck in sales in Canada. They have led in sales in Canada in twenty-two out of the last twenty-six

What is the secret of the continued What is the secret or the communi-leadership of Ford Trucks year after year? Simply this—Ford Trucks have repeatedly proven their ability to do more work in less time at lower cost. They give greater value, greater reliability, greater economy, with less time off for overhauling. Ford Trucks haul heavy loads faster and at lower cost because they develop higher torque over a wider range of speeds—speeds at which trucks operate most efficiently.

See your Ford-Mercury dealer, and arrange for a test on your job with your driver.

Ford Trucks are in the thick of the lumber business on the Pacific Coast . . . lugging the farmers' produce and wheat and serving the cities of the Prairie Provinces . they're beasts of burden for the mines, factories, farms and of Ontario ... cutting costs in Quebec's great industrial projects . . . helping the fisheries, mines and shipping interests of the Maritimes ... 60.000 Ford military trucks are now serving the armies of the Empire
